- **Fresh, Great Tasting, Healthy Homemade Purity**
- **No Waste From Bottle Disposal**
- **Less Than One Third the Cost of Bottled Water**

YOU SAVE OVER 70% WITH WATERWISE

**“Our family was spending at least \$30 per week on distilled water—that’s \$1,560 a year!** We drink and cook with distilled and knew there had to be a better way to keep our family healthy...Thank you Waterwise for helping us become Waterwise with our money.”

**Lisa Preble**  
Las Vegas NV

“I bought bottled water for the past two years. After reading numerous books, articles and other literature about health benefits of distilled, I purchased a Waterwise distiller. **Your literature helped me realize the cost effectiveness** of having my own distiller. I am extremely pleased and completely satisfied with the results of using your product.

**Don Bugni**  
Mercer WI

**“No bottled water of any brand can compare to the taste** of what my Waterwise distiller produces. I am so glad to have it...Thank you very, very much.”

**Heather Manning**  
Macon GA

“The Waterwise distiller is easy to use and economical. **It costs much less than having bottled water delivered.** And since we produce it ourselves we know it’s pure.”

**Anthony & Julie York**  
Everson WA

“We were buying water weekly by the gallon before we bought our distiller. We figured that **in about a year and a half the distiller would pay for itself.** It has done that and it is so much more convenient.”

**Danny & Nila Johnson**  
Webb AL

“We were so delighted with our Waterwise that we ordered one for each member of our family. We are delighted to be able to **cancel the inconvenient 5 gallon jug water deliveries.** An added plus was when we received the annual water quality report from the water district and discovered that **we had avoided exposure to the E. coli** bacteria last winter. So thank you, Waterwise, for sparing us a potentially nasty health problem!”

**Jeff & Anne Page**  
Cupertino CA

“I was buying distilled water from the local grocery at the cost of almost a dollar a gallon—and spending over \$800 a year! When I received your information it was clear I could save quite a bit of money. The quality of the water is fantastic—**far better than what I was buying from the store.** There is no question that buying a Waterwise distiller was a good idea—and it is saving me money! Everyone should have a Waterwise system!”

**Mike Huffman**  
Smithfield VA

“Water is the biggest part of our health. I used to carry many gallons from the store—very heavy and annoying. **I never knew how long it was on the shelf and in the bottle.** I know distilling is even cheaper in the long run. Be healthy and wise get your Waterwise today.”

**Gloria Libero**  
Davie FL

---

**“The vast majority of bottled water is merely public tap water.** And the real shock is you could pay as much as \$3.50 a bottle for the same objectionable quality that comes from your home tap water.”

**Dr Robert D Willix Jr, MD**
